

## ***Our Mission Statement***

The Religious Education Commission supports the catechesis of Christ the King Cathedral community. The Commission acknowledges that catechesis is a lifelong process of formation that begins formally at age 3 and continues throughout life. Catechesis takes place in and through the family, parish-planned learning activities and parish-planned rituals and involvement. The goal of catechesis is to make a person's "faith become living, conscious, and active, through the light of instruction" (Decree on the Pastoral Office of Bishops in the Church, #14).

Pope John Paul II's love and concern for children is voiced in his Apostolic Letter: "A serious moral crises is affecting the children and young people today. All Christians must not only be concerned about the faith of the young, but be willing to help them fulfill the vocation God has given them." He adds: "To educate children and young people without a value system based on Truth is to abandon them to moral confusion, personal insecurity and easy manipulation."
